PROFESSIONAL SUMMARY

Technically proficient and solutions-oriented Customer Success Specialist with a Bachelor of Science in Computer Science and over 5 years of experience spanning technical customer success, frontend web development, and system operations. Proven track record of managing the end-to-end client lifecycle—from initial briefing and technical onboarding to long-term relationship management and upselling. Expert at root-cause analysis, CRM workflows, and translating end-user feedback into concrete product enhancements to maximize application uptime and client value.

WORK EXPERIENCE

Dynamic Solutions

FEBRUARY 2025 - JUNE 2026

Customer Success Specialist

- Manage the end-to-end enterprise client lifecycle, leading initial briefings, technical onboarding, and long-term product adoption strategies..
- Leverage strong technical client relationships and usage insights to generate new leads, drive upsell initiatives, and secure account renewals.
- Analyze systematic customer feedback to optimize overall product service quality and feature rollouts, leading directly to higher client retention rates.

Technical Support Representative

- Served as the primary technical point of contact, diagnosing software issues and coordinating directly with engineering teams to isolate and resolve complex product defects.
- Maintained accurate product records within CRMs, managing database integrity and client health tracking metrics.

Ovazsoft

January 2022 - January 2023

Social Media Marketing Specialist

- Simultaneously managed and coordinated project operations for 8 distinct brands end-to-end as a project specialist, handling scope analysis, resource allocation, and timeline milestones.
- Deployed comprehensive root-cause analysis to identify configuration errors and operational bottlenecks, significantly improving system efficiency and digital campaign performance.
- Conducted rigorous competitor research and market analysis to present risk factors and data-driven optimizations directly to senior leadership.
